After School Program Expectations Program Attendance Expectations:

All students registered for the SCSD After-School Programs are expected to strive for 100% attendance. Please follow the After-School Programs 2019-2020 Calendar Digest provided. The calendar outlines planned program dates into a one-page 8-month digest. Please keep it handy and encourage your child to attend on a consistent basis.

Transportation Expectations:

The SCSD Transportation Department contributes to student achievement by ensuring that our students have a safe and reliable means of getting to and from school and school related activities on a daily basis. The school bus is an extension of the classroom, and as such, follows the guiding principles of the Code of Conduct, Character, and Support.

- Ride only the bus assigned to you;
- Stay in your bus seat while the bus is in motion and until you reach your bus stop;
- Use all equipment on the buses in a safe manner;

- Accept direction, requests, feedback and support respectfully from adults;
- Take care of the property that belongs to you, to other students, adults and the school;
- Ask for assistance when you need help resolving conflicts and differences;
- Put everyone's safety first;
- Not engaging in violent or destructive, acts, that harm others and the community;
- Not making threats about using dangerous objects or harming others;
- Before you cross the street, wait at your stop for the universal crossing signal from the driver (a hand signal you will be taught at the beginning of the year), or wait for an attendant to come across to get you. If the driver honks the horn while you are crossing, it means it is not safe to cross and you should return to the curb;
- Remain in your seat while the bus is in motion. Keep your arms and head inside and don't throw objects out of the windows or in the bus;
- Drinking of any beverage or eating is not permitted on the bus;
- Any student who disrupts the normal operation of the bus or endangers the safety of others while entering, leaving, or riding the bus may be immediately suspended from transportation and the student and their family may be too expected to work co-operatively with the school and transportation for accountability and restoration (repair any harm caused (to others, personal, or to other property and to ready the student and adults for the student to use the bus));
- Immediate suspension of transportation will result if a student uses a sharp instrument, tool, or displays inappropriate sexual behavior.

If your child qualifies for curb-to-curb stops, you must be present at the stop or the child may be returned to the home school. The adult over the age of 16 who is to supervise the student should arrive at the stop at least ten minutes before the student is scheduled to be picked up or dropped off.

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the principal or the superintendent or their
